WHAT'S UP WITH THE WEATHER?

Unusually cool for August don't you think? Even fair week, a scorcher normally, was overcast and cool, and rain on the 19th and 20th.... Not our usual climate conditions. Hopefully this has all been a pleasant surprise for you all, and not too much of a damper on your summer work and play! Everything here seems to be situation normal... As far as normal goes.

Noteworthy news.....

- **We changed phone service providers:** We went through our transition period this last couple of months and hopefully the growing pains didn't affect the service we were providing to any of you to a great extent. Most importantly we'd like to make sure you notice our **new fax number 229-3409.**
- **We will be closed Saturday - Monday of Labor Day Weekend:** Family vacations, the start of bow hunting season and more add up to a good reason for a long weekend for all of us here. We *should* return well rested and eager to take on the challenges of the approaching fall season!
- **Small Engine service soon to be advertised:** . If you need authorized service on your Honda, Kohler or Briggs & Stratton powered equipment we'd welcome the opportunity to service this equipment for you. We can also do non-warranty service on most other brands.

Introducing Graco's latest high-performance solution to fine finish spraying! The FinishPro 395 offers a high-quality fine finish at a high production rate. With 2-in-1 capabilities, the FinishPro 395 allows you to spray stains, enamels, varnishes, lacquers, sealers, and other finishing materials at lower pressures in air-assisted airless mode - resulting in an exceptional finish AND supports up to a .021 tip at 3300 psi, allowing you to spray a full range of paints, primers, and other heavier materials in airless mode. Single selector switch allows you to change from airless to air-assisted spraying with the flip of a switch.

PRESSURE WASHERS, THEY'RE NOT ALL CREATED EQUAL!

It seems that most everybody owns one these days, and for good reason! Between state of the art cleaning detergents, and an amazing array of accessories, you're limited only by the imagination! What about the heart of the matter though, the pressure washer itself? You can find these in any box store, paint store or tool store, but do you

know what to look for when shopping for quality?

Motors :

Honda - Look at the model # GX= Commercial/Contractor GC= Home Owner quality
Briggs & Stratton - look for the Vanguard — it'll rival anything out there.

Kohler - look at the "Command"

Pumps:

General, Cat, AR, and Comet all build good pumps but you need to be able to recognize the difference between an **axial pump** (home owner quality) and **Crank style pump** (these vary in quality but all are better than axial).

Still have questions? We're here to help!

LOOKING FOR A GOOD SOURCE FOR BUSINESS INFORMATION?

I've had the opportunity to participate in the UCC small business course for the last two years, and if you're new to business management, I can't say enough about the value of the course. In my time here (one evening a month Sept./May), I've had free access to question accountants, insurance agents, lawyers, web developers and other successful business owners/managers. This "other point of view" perspective of MY business was always appreciated. Its amazing how easy some of the "more difficult" business tracking could be. If you're interested you can contact : **Terry Swagerty** - Director (541)440-4669
Email:Terry.Swagerty@umpqua.edu

Pearsony Falls, Prospect Oregon
(25 min. south of Crater Lake.)

SLOPPY JOE'S

- 1 pound ground beef
- 1/2 cup finely chopped onion (or 1 Tbsp dried minced onion flakes)
- 1/2 to 3/4 cup ketchup
- 1/4 cup sweet pickle relish
- Salt and pepper to taste
- 4 hamburger rolls

Crumble ground beef in 2-quart **microwave** safe casserole. Stir in onion. Cook at HIGH 4 to 6 minutes, or until beef is browned. Stir once; drain grease. Stir in ketchup, relish, salt and pepper. Cover with lid. Cook at HIGH 1 1/2 to 2 1/2 minutes and at MEDIUM 3 to 4 minutes. Stir once. Serve in split hamburger rolls. Makes 4 servings.
